1 INTRODUCTION

The purpose of this document is to outline details of our tuition fee policy for students studying on our distance learning courses in the 2025/2026 academic year. This policy is updated annually to reflect revisions in institutional policy agreed by the University's Board of Governors and amendments to fee levels. The detailed policy set out in this document is agreed by the University's Fees and Bursary Committee.

The University sets its fees in line with government policies and submits a return each year to the Office for Students (<https://www.officeforstudents.org.uk/>) to help promote fair access to higher education.

Starting a university course is a big decision and a great investment in your future. It is also a big financial commitment, so it is important to be aware of the cost of tuition and other essential rules such as when fees must be paid, or when you might be entitled to a refund.

All students are personally liable for the payment of their tuition fees relating to their studies, unless your offer letter expressly informs you otherwise. If payment is to be made by a third party, i.e. Student Finance England, employer or other sponsor, or by parent or guardian, then it is the responsibility of the student to ensure this is arranged before any payments are due.

The University can provide advice and support if things go wrong or if students get into financial difficulties; our contact details and other useful information can be found at the end of this document.

The Hertfordshire Students' Union also provides impartial advice and support to our students regarding financial matters.

2 ONLINE DISTANCE LEARNING FEES FOR STUDENTS ENTERING IN 2025/2026

Online Provision refers to the University courses which at the time of initial application by the student are advertised as being online courses, which means that they are designed to be delivered, taught and assessed via web-based learning. Online Provision does not refer to any programme which was intended to be campus based and due to circumstances has been amended to be delivered wholly or partly online.

These fees vary depending on the academic year in which the student began the course and are for courses stated in this section only.

IMPORTANT – the fees quoted in sections 2.1 and 2.2 below exclude repeat/ re-assessment fees. Those fees are detailed in section 2.3.

For certain online postgraduate students who are invoiced on a termly, rather than on an annual basis, your final invoice will be adjusted to ensure that you are charged the correct amount for your course overall. This could result in either a slight reduction or an increase in the price of your final module.

Example: for a student doing the MSc Computer Science with Data Analytics Online programme part-time over 2 years, the full programme will cost £10,020 and will be charged on a semester basis as follows:

2.2.1 Repeat fees

The original tuition fees stated in sections 2.1 and 2.2 above cover the first attempt at the module and any re-sit assessments that do not require re-enrolment on the module (i.e. referred/ deferred assessments).

Students required to re-enroll on a module must pay the full modular fee.

IMPORTANT – In some instances, students whose tuition fee payment is usually made by a third party (i.e. The Student Loans Company (SLC), employer or other sponsor, or by a parent or guardian) may need to self-fund any re-sits that require re-enrolment. Students are advised to check with their source of funding whether their repeat fees will be made by the third party or not.

2.3 Accredited Prior Learning

The University will charge students in the following way for prior learning,

- Accredited prior experiential learning (APEL) will be charged at 50% of the modular fee.
- Accredited prior credited learning (APCL) will not be charged.

Please note – APCL is typically where an individual has gained University credits at a different institution and then transfers to the University of Hertfordshire. APEL is where an individual's work experience would make them exempt from having to undertake certain modules on a programme.

3 FEE AND PAYMENT INFORMATION

3.1 Calculating tuition fees

Tuition fees are payable each semester, on a modular basis. The level of tuition fee payable by a student will depend on the number of credits studied each semester.

Modular fees quoted on the website and in section 2 above are per 15-credits. To calculate the fee payable per semester, students must refer to their **Programme Specification** (available through the [Course page](#) on our website) which contains module options and credits. As guidance:

- a full-time student is typically expected to study 60 credits per semester
- a part-time student is typically expected to study 30 credits per semester – however where possible some students may choose to study more or less than the expected 30-credits.

3.2 Other tuition related costs

The University tries to keep any additional costs to a minimum. However, some courses may require additional software. Students are advised about any additional costs in the **Programme Specification** (shared as part of the **Offer Letter**). The **Programme Specification** details these costs and whether they are a mandatory or optional part of the course.

3.3 Payment of tuition fees

The fee payable by a student will be included in their **Offer Letter** and confirmed each semester through a Notification of Fees email sent to students shortly after each semester's enrolment.

New Students

Please be aware that payments will not be required until your student registration is fully completed. The first fee statement will be issued within one month of starting your first module, and payment for the credits gained during the first semester is due by the end of that semester.

3.3.2 Payment methods

a) Self-funding students

Fees can be paid online, by banker's draft, credit card or debit card (pounds sterling). For details of how to pay follow the link: <https://www.herts.ac.uk/study/fees-and-funding/managing-your-finances/payments>

A payment plan can be set-up via the payment portal available on <https://www.herts.ac.uk/study/fees-and-funding/payments> or you may make payments via <https://landing-pages.flywire.com/landing/hertspayments>

b) Student Loans Company funding students (undergraduate and postgraduate)

The University accepts no responsibility for any errors or omissions made regarding Student Loan Company (SLC) funding. In all circumstances, you are strongly advised to check your funding position with Student Finance England (SFE) or your relevant awarding body. Help with SLC funding application can be provided by the Student Funding and Financial Support team (email: funding@herts.ac.uk Tel: +44 (0)1707 284800).

Undergraduate students¹ – If you are a Home student applying for SLC funding, please ensure that you have provided the Student Funding and Financial Support team at funding@herts.ac.uk with your Student Support Number. Once your application has been fully approved and you have returned all requested evidence and your declaration to SFE (or your relevant awarding body) the University will release your tuition fee loan payments accordingly. If for any reason you are assessed as ineligible for SLC funding, or your funding is withdrawn, you will be liable for your tuition fees.

Postgraduate students¹ – If you are a Home student applying for SLC funding, please ensure that you have provided the Student Funding and Financial Support team (funding@herts.ac.uk) with your Student Support Number. Once your application has been fully approved, you have returned all requested evidence and your declaration to SFE and are fully registered onto your programme the University will confirm your attendance which will release your payments directly to you. Please contact Student Account Management finance-tuition@herts.ac.uk if you wish to discuss your payment options. To make a payment to the University of Hertfordshire, please refer to section 3.3.2 above.

¹The Government confirmed that EU students commencing study from 2021/22 would no longer be able to access the same financial arrangements as Home students. They would no longer be entitled to home fee status or financial support from Student Finance England. Any EU students that commenced their studies prior to 1st January 2021, are excluded from this change and will retain their existing fee package for the duration of their course. However, there may be circumstances where the fee package will not be retained if a student transfers onto another course or changes their mode of study. Students are advised to check with Student Funding and Financial Support before making any changes. Further information and support regarding this change can be found from UKCISA.

c) NHS funded students

Funding of your fees will have already been agreed with your NHS employer, so you do not need to take any further action. Please note that the funding will only cover the first attempt at the module and students will be required to self-fund any repeats (see section 2.3 above).

If your studies are being funded by your Trust, information such as your attendance and performance (including module grades) may be shared with your employer.

IMPORTANT – Information on attendance, performance (including module grades) and serious cases of academic or other dishonesty (for example plagiarism) may be made available to your employer, and, where appropriate, any relevant professional body and/or regulatory body. This information is required in order to meet our contractual requirements with the relevant NHS funding authority.

d) Employer-sponsored (Non-NHS)

If an employer or other sponsor is paying the tuition fees the student will need to provide a completed and signed sponsor form at enrolment. **The student, unless your offer letter expressly informs you otherwise, will be liable for the fees if they do not provide the form or if the sponsor does not pay the fees.** The sponsor form can be found at <https://www.herts.ac.uk/study/fees-and-funding/fee-information/when-to-pay-tuition-fees/sponsored-fees>

Fees can be paid online, credit card or debit card (pounds sterling). For details on how to pay follow the link <https://www.herts.ac.uk/study/fees-and-funding/payments>

3.4 Fee liability dates

The University policy on fee refunds applies to full-time and part-time students where the student withdraws or rests from a programme or from modules.

When processing a request for a refund of tuition fee the University may, at its discretion, withhold an additional element of the module fees to cover the cost of resources or materials that have been supplied to the student.

The following fee liability and refund entitlement dates apply to Online Distance Learning students only.

3.5 Implications for students who withdraw, take a study break etc.

Students will be liable for their tuition fees for the entire semester of study unless they formally notify the University that they wish to withdraw, defer, or apply for a suspension of their studies.

Withdrawing from a course is a big decision and students are advised to seek as much advice as possible before taking this step. Further details can be found at <https://ask.herts.ac.uk/withdrawing-from-university>. The fee liability will be calculated from the date of the receipt by the University of the Withdrawal Form.

Example: *a full-time student who started their course in Semester A and withdraws on the 6th October 2025 will be liable for 25% of their Semester A 2025/2026 fees. The student will be entitled to a partial refund, if a payment has been made that is greater than the revised liability amount following withdrawal. Using the same example, a student whose fee is £3460, and who has paid the full amount for the semester at the point of withdrawal, would be entitled to a refund of £2595 (i.e. $£3460 \times 25\% = £865$ amount due; $£3460 - £865 = £2595$ amount refundable).*

The University will contact students who are entitled to a refund within 28 days of receiving the completed Withdrawal Form.

Where fees have been paid by way of tuition fee loan, the University will contact Student Finance England (or other UK funding body) to advise them of the change which will also impact on the student's maintenance entitlement.

Where fees have been paid by a sponsor, e.g. employer, the University will charge the sponsor a fee for the year based on the fee liability dates.

If a student requests to suspend their studies and then subsequently resumes their studies, the fee liability would also be in line with the liability dates in Section 2.4 above.

Example: *if a student commences study in 2025/2026, "rests" after the 1st liability date, they will pay 25% of their Semester A 2025/2026 fees. If they recommence in a subsequent semester in the academic year 2025/2026 or in the academic year 2025/245, they will have to pay the full tuition fee again.*

3.6 Implications for students who submit Exceptional Circumstances (formerly Serious Adverse Circumstances)

Students who apply for an assignment extension or deferral of a module through 'Exceptional Circumstances' will be fully liable for the full modular fee in the semester that they first enroll on the module(s). Should a deferral be granted, the student may restart the module free of charge at the next available opportunity.

More details on Exceptional Circumstances is available on <https://ask.herts.ac.uk/exceptional-circumstances>

3.7 Sanctions for non-payment of tuition fees

The University encourages any student unable to pay their tuition fees to contact the University's Student Finance team (finance-tuition@herts.ac.uk) to discuss a payment plan or alternative sources of funding.

However, if a student has not paid the applicable instalment of their tuition fees within 28 days of the liability date, or has not made alternative arrangements which are acceptable to the University, the University may (without affecting any other right or remedy available to it) do one or more of the following:-

- (i) withdraw the facilities of StudyNet and Canvas, which will prevent the student from accessing study materials, submitting assignments or registering for award ceremonies;
- (ii) withdraw the student from the course;
- (iii) bar the student from returning in the following semester;
- (iv) bar the student from attending his/her graduation ceremony;
- (v) refuse to provide results or confer a University award

The University may also take more formal steps to recover any unpaid tuition fees, such as engaging a debt collection agency and/or commencing legal proceedings. If it does so, the University reserves the right to require the student to pay in addition any costs and expenses (including legal costs) reasonably incurred by the University in recovering the unpaid sums. The University also reserves the right to charge the student interest on the unpaid sums on a daily basis at an annual interest rate of 2% above the base lending rate of HSBC Bank plc until all outstanding sums and interest are paid.

The University will withhold results from students in debt but may issue such results in non-standard format to enable students to undertake any referred/deferred assessment.

Any sanctions will be lifted as soon as the student's debt has been cleared in full.

Students who have withdrawn or applied to suspend their studies will still be contacted to pay any outstanding debt. Students will not be entitled to resume their studies or apply to study a new course until all outstanding debt has been cleared in full.
